**Worldskills Abu Dhabi 2017 – Opening and Farewell Ceremonies**

Dear Nigel,

As we are now down to our last couple of days on-site and I watch your crew diligently clearing up the site, I wanted to write a quick note of thanks and to recognise the importance of the contribution the Gulf Crewing 'boys' make to the success and smooth running of our projects.

As an integral part of our site management team, Rahul and his crew completely understand the workings of the site and what is required to support the site managers; always working proactively and efficiently; and always putting in 100%.

Please could you pass on our sincere thanks to all of your crew – there are far too many to name, but I would be grateful if you would give special thanks to Rahul for his fine leadership. I know that John John and Matt particularly enjoy working with Rahul and I hope that he feels the same.

The feedback from the client and the Worldskills International team has been 100% positive and I think we can all be proud of what we achieved in such a short period of time. So, thank you again.

I look forward to working with you all very soon on upcoming projects.

Best wishes

**Mark Fogwill**  
Technical Director
